

## Agenda for Steward's Workshop

Open proceedings  
Greetings  
Introductions  
Business for discussion

### Item one:

Rule changes;

Rule 6-6-14 to have added 6-6-14b; Officials going about their assigned event business duties are exempt wearing a helmet.

Reason: It is very difficult hearing or speaking when wearing a helmet making clear and concise instructions difficult to pass on when required.

Rule 16-9 second example, from aged 15 provided they are riding a 125cc 2 stroke or 250cc 4 stroke maximum capacity.

### Item two:

Stewards Reports:

Is there a problem with filing Stewards Reports on time or not.

We need those reports to create statistics that we may be going to need to justify our existence at some future date. Do we need another system, if so why, what should it be.

### Item three:

Stewards Training;

Stewards training will be as follows:

Regional coordinators will be responsible for level one and two, overseen by the Commission or commissioner.

Level three and four will be by Stewards seminars attended by the Stewards, the Commissioner, the Regional Coordinator and an MNZ rep. in a discussion type forum.

### Item four:

Punishment dispensed by Stewards:

If a steward is going to pass out a punishment, then he must do it by the book. There are no exceptions.

Is there any value at all in Competitor Infringement notices. Infringements should be noted on the stewards report?

### Item five:

Should the number of stewards be tied to the estimated number of riders at any event, Examples, Tussock Buster trail ride approx 2800 riders over three days, one Steward?? Junior MotoX Nationals 300 plus riders 2 Stewards???

### Item six:

Stewards names should be on the entry form and permit application at time of creation.

Regional coordinators do not now have to approve Permit application, should we now restore that requirement, so that they can request the organising group to sort out their Steward? Proceedings are all electronic now so there is or should be no delay.

### Item seven:

Should Stewards for Championship events be from out of the area as now?
